Supervised Driving Log

Effective July 1, 2010, Indiana's Graduated Driver's Licensing (GDL) law requires a minimum of 50 hours of supervised driving experience before taking the licensing skills test - 10 of which must be completed during nighttime hours.

This log should be used every time the new driver is practicing and learning to drive so that you can track the progress of the new driver and better identify areas or situations that need more practice. If needed, photocopy this driving log before use.

Date	Driving Skills Practiced	Driving Time Hours/Minutes		Skills needing more practice	Adult Initials
		Day	Night		
Total minutes completed				**Should = at least 2,400/600 minutes**	

Driving Skills to Practice

All skills in each level should be mastered before attempting the next level. The abbreviations listed below can be used to identify the driving skills practiced and needing more practice.

Level I
Start and Stop Car (SS)
Lane Control (LC)
Backing the Car (BC)
Right Turn, Left Turn (RT/LT)

Level II
Intersections (INT)
Lane Changes (RLC), (LLC)
Keeping Space around the Car (SP)

Level III
Hill Parking (HP)
Parallel Parking (PP)
U-Turn (UT)
3-Point Turn (aka K-Turn) (3PT)

Level IV
Night and freeway driving (NGT/FWY)
